## Carolina Thread Trail Public Meetings Next Week

July 16, 2010

**The Carolina Thread Trail** is a regional network of greenways and trails that will reach 15 counties and 2.3 million citizens. It will link people, places, cities, towns and attractions. It will link lives. The trail will preserve our natural areas and will be a place for exploration of nature, culture, science and history, for family adventures and celebrations of friendship. It will be for young, old, athlete and average. This is a landmark project. A legacy that will give so much, to so many, for so long.

Union County and its municipalities would like to hear your thoughts and suggestions about trails and greenways in your community. Come on out to one of the following listening sessions regarding the planning of the Carolina Thread Trail in Union County.
