#### Part II, Line 3 - Explanation of Each Easement Change

Ramah Creek Sewer Interceptor Project (Part 2) by the City of Charlotte, North

Carolina

```
The City completed its Ramah Creek sewer project in 2017, but realized that to avoid
```

destroying a copse of mature hardwood trees within the permanent right of way in

order to access the Sewer Line for maintenance purposes, it would need to convert an

adjoining .061-acre triangular-shaped portion of the Zimmermann property lying

#### within the temporary construction easement to a permanent sewer access easement BAA Schedule D (Form 990) 2018

#### Part II, Line 3 - Explanation of Each Easement Change (continued)

Accordingly, in June of 2018 the City issued notice to the Zimmermanns and CLC of intent to condemn a permanent easement across the .061-acre portion of the Zimmermann property unless the parties could reach a settlement in lieu of condemnation. Because of the de minimis nature of the permanent easement sought by the City (worth approximately \$400 based on the figures in the appraisals done in connection with the Sewer Line project) and the significant intangible benefit to the property's conservation values sought to be preserved by the Zimmermann conservation easement, in 2018 the Zimmermanns and the Conservancy agreed to essentially replace what was the temporary construction easement with a permanent access easement in order to protect the copse of trees. Accordingly, in August, 2018, CLC and the Zimmermanns entered into a grant of permanent access easement with the City in which the copse of trees was protected so long as the City has access to the Sewer Line via the access easement.

Southfork Rd. Bridge Widening Project by NCDOT - Lincoln County, N.C.

CLC holds a conservation easement dated October 31, 2000 and recorded in Book 1204, page 728 in the Lincoln County Public Registry (the "Legacy CE") on an approximately 220-acre tract (of which 30 acres are under water) owned by Legacy Shares, LLC (the "Legacy Property"). In 2018, NCDOT threatened to condemn a portion of the Legacy Property in connection with a proposed bridge replacement project (bridge #57) on the South Fork River at the river's intersection with South Fork River Road. DOT proposed to award CLC and Legacy Shares jointly an aggregate sum of \$15,900, which was based on a recent comparable sale transaction involving the sale of a nearby parcel for \$15,775/acre. In this case, the area being taken was .923 acre of permanent right of way; .017acre of permanent drainage easement (a total of .94 acre

expired upon completion of the project. The conservancy reached a settlement with NCDOT motivated in part by the Conservancy's belief that it negotiated a better deal for the Conservancy than it would have achieved by totally opposing the project and forcing DOT to institute condemnation proceedings.

For one thing, the amount received was very favorable to the Conservancy. NCDOT, using a recent nearby land sale as a comparable, arrived at a figure of the property's value equal to \$15,775 per acre. In reviewing the NCDOT's calculations, the Conservancy discovered an error in its and the landowner's favor of almost twice the amount that would be indicated by the comparable sale. However, when we brought this error to DOT's attention, they agreed to keep to their settlement offer since they were appreciative of the Conservancy's willingness to settle the action which avoids the time and expense of going through a condemnation proceeding. Based on the aforementioned land value, DOT had proposed a settlement of \$15,900 to be shared between Legacy Shares, LLC and the Conservancy in such a way as was mutually agreeable to them. Legacy Shares agreed to our proposed split of 43% to the Conservancy and 57% to Legacy Shares (based on the provisions of section 10 of the Legacy CE). Second, NCDOT was extremely cooperative and responsive to our suggestions for minimizing the impact of the project on the Legacy Property's conservation values and for preserving and improving the operation of the Carolina Thread Trail segment that runs along the South Fork river next to the bridge. They modified the project plans in several ways based on suggestions by Conservancy staff. For example, NCDOT agreed to upgrade the trail crosswalk (using high visibility "thermoplastic" paint) on South Fork Road to warn motorists of the trail crossing ahead, and to resurface the trail in the vicinity of the new bridge with better quality "crush and run" stone. Moreover, NCDOT agreed to replace the Conservancy's aging wooden bollards near the road with more permanent bollards that

#### Part II, Line 3 - Explanation of Each Easement Change (continued)

agreed to include the Conservancy in the pre-construction meeting with the bridge contractor. Further, NCDOT agreed to implement (and obtain appropriate permits for) measures to minimize the project's impact on the river's water quality. NCDOT also agreed to take appropriate measures to protect the dwarf-flowered heartleaf in the area on the north side of the bridge (including notifying the contractor and indicating the area on the project plans as a "do not disturb" area). The Conservancy also took note of the relatively miniscule impact this project has on the Legacy Property's conservation values - the area affected by the project (.94 acre) is less than one-half of 1% of the total area under easement (approximately 220 acres).

#### Part II, Line 5 - Summarized Policy

The land stewardship staff inspects each property encumbered by a conservation easement or similar instrument to ensure compliance with the provisions in the easement document. Staff assesses current conditions and compares findings to those documented by the Baseline Documentation Report. Staff evaluates the status of reserved rights which may have been exercised since the last site visit. Staff assesses impacts to the conservation values associated with changes in land use on the easement property and adjacent properties, notes potential trespass issues and safety hazards, and makes observations on the condition of the boundary. The staff makes additions to the species list (flora and fauna), documents new findings and communicates with the appropriate government entity. Special attention is given to the evaluation of plant or animal species that may be state or federally listed (endangered, threatened, species of concern, etc.). Staff evaluates conditions in Natural Heritage Areas and inspects significant historical and/or cultural features conserved by the conservation easement. Post monitoring, an

and photographs as appropriate. Copies of the report are stored on and off site per Conservancy policy.

#### Part II, Line 9 - Organization Reporting Of Conservation Easements

Conservation easements received as a gift are recorded at the estimated difference in the market value of the associated property before and after the imposition of the easement. At that time, the Conservancy also records a like amount as an expense since conservation easements have no future economic benefit to the Conservancy. Donated conservation easements amounted to \$2,078,000 and \$2,462,450 for the years ended December 31, 2018 and 2017, respectively.

#### **Property and Easements Acquired for Preservation**

The Conservancy may acquire certain property and/or conservation easements through purchases as well as through donor contributions. Donors generally contribute fee title to property or conservation easements. Conservation easements are legal agreements in which the landowner gives up some of the rights to their land, such as development, but retains ownership and management of the property. The conservation easements are permanent and run with the land and are binding upon successive owners. Contributions are recorded at the estimated fair market value of the property or easement taking into consideration the fact that the land's use may be severely limited based on the parties' intent to preserve the property in its undeveloped state. Based on these facts, the values of easements shown in the accompanying Statement of Activities are based on independent appraisal or management estimates, if an appraisal is not available.

#### Form 990, Part III, Line 4b - Program Service Accomplishments

Carolina Thread Trail Program (Thread Trail) is an initiative to develop a regional network of greenways, trails and blueways that reaches 15 counties and 2.3 million people. Thread Trail is a unique 15-county collaboration that will connect communities and conserved land through a network of conservation corridors and trails developed through locally designed plans. Carolina Thread Trail is a separate 501(c) (3) corporation that is a supporting organization of Foundation for the Carolinas. Under a Memorandum of Understanding with Foundation for the Carolinas, the Conservancy acts as the lead agency of the Thread Trail program and was reimbursed \$723,908 during 2018 for related services. This long term project under the Conservancy's leadership will permanently protect this region's history, beauty, and diversity, while conserving local lands and providing a broad range of community

of miles of greenways and trails as well as access to rivers for paddling in North and South Carolina, connecting points of regional significance. There are multiple public benefits including economic development, conservation of land, enhancement of water quality, cleaner air, alternative transportation, and healthy recreation activities for all regional citizens, all of which translates to enhanced quality of life. Thread Trail will be freely accessible to everyone. At the end of 2018, there were 1,610 planned trail miles, of which, approximately 260 trail and 170 blueway miles are complete.

#### Form 990, Part III, Line 4c - Program Service Accomplishments

Land Stewardship: The Conservancy intentionally stewards its conservation assets. Staff monitors activities on fee owned land through site visits. Current conditions are evaluated against the reference conditions established by the Baseline Documentation. Photographs are taken and a monitoring report is generated and archived or the site visit is documented on a site visit report. As part of perpetual due diligence, the Conservancy ensures the plant, wildlife, and other conservation values remain undisturbed and protected. Where appropriate on fee owned property, the Conservancy provides public access opportunities, including both blueways and hiking trails, independently and through Carolina Thread Trail. Facilities for public access include a canoe/kayak launch (Spencer Mt. River Access and Pharr Family Preserve access), the Adam Springs Portage Trail, and canoe/kayak take-out (R.Y. McAden Access); and natural surface or paved hiking trails at the South Fork Trail, South Fork Rail Trail, Long Creek Preserve, Seven Oaks Preserve, Pharr Family Preserve, Buffalo Creek Preserve, Sally's Y Preserve, Catawba Springs Preserve, Girl Scouts, and Eastover Ridge Preserve. The Conservancy also monitors conservation easements using the same protocols as fee owned land. On private property protected by conservation easements, the Conservancy works with

willing land owners to further enhance the conservation values already protected.

#### Form 990, Part III, Line 4d - Other Program Services Description

Other - Other program expenses relate primarily to community education, outreach, and public programming.

#### Form 990, Part VI, Line 11b - Form 990 Review Process

Review of the Form 990 is conducted by the Executive Director, the Finance Director and the Finance Committee. It is reviewed before filing. Prior to filing, a copy of the Form 990 is available to each Board member. Questions and suggestions are an integral part of the review.

#### Form 990, Part VI, Line 12c - Explanation of Monitoring and Enforcement of Conflicts

Each Board member is required to sign a conflict of interest statement prior to joining the Board of Directors. Upon knowledge of a transaction involving a conflict, the details are fully disclosed to the Chairman of the Board and the member with a conflict will not participate in discussions or voting. Board members verify that there is no conflict of interest annually.

#### Form 990, Part VI, Line 15a - Compensation Review & Approval Process - CEO & Top Management

Compensation of the Executive Director is determined by the Executive Committee. Independent surveys are obtained that are used to compare the average salary for all positions, including the Executive Director. This documentation is available and reviewed annually as deemed necessary by the Executive Committee.

#### Form 990, Part VI, Line 19 - Other Organization Documents Publicly Available

CLC's governing documents, minutes of Board meetings and committee meetings, and conflict of interest policy are kept in binders at our office. CLC's financial statements, audits and Forms 990 are on the website.
