The land stewardship staff inspects each property encumbered by a conservation easement or similar instrument to ensure compliance with the provisions in the easement document. Staff assesses current conditions and compares findings to those documented by the Baseline Documentation Report. Staff evaluates the status of reserved rights which may have been exercised since the last site visit. Staff assesses impacts to the conservation values associated with changes in land use on the easement property and adjacent properties, notes potential trespass issues and

safety hazards, and makes observations on the condition of the boundary. The staff makes additions to the species list (flora and fauna), documents new findings and communicates with the appropriate government entity. Special attention is given to the evaluation of plant or animal species that may be state or federally listed (endangered, threatened, species of concern, etc.). Staff evaluates conditions in Natural Heritage Areas and inspects significant historical and/or cultural features conserved by the conservation easement. Post monitoring, an archival quality report is generated by the staff and includes written observations and photographs as appropriate. Copies of the report are stored on and off site per Conservancy policy.

**Part II, Line 9 - Organization Reporting Of Conservation Easements**

Conservation easements received as a gift are recorded at the estimated difference in the market value of the associated property before and after the imposition of the easement. At that time, the Conservancy also records a like amount as an expense since conservation easements have no future economic benefit to the Conservancy. Donated conservation easements amounted to \$52,940 and \$2,078,000 for the years ended December 31, 2019 and 2018, respectively.

Carolina Thread Trail Program (Thread Trail) is an initiative to develop a regional network of greenways, trails and blueways that reaches 15 counties and 2.3 million people. Thread Trail is a unique 15-county collaboration that will connect communities and conserved land through a network of conservation corridors and trails developed through locally designed plans. Carolina Thread Trail is a separate 501(c) (3) corporation that is a supporting organization of Foundation for the Carolinas. Under a Memorandum of Understanding with Foundation for the Carolinas, the Conservancy acts as the lead agency of the Thread Trail program and was reimbursed \$545,345 during 2019 for related services. This long term project under the Conservancy's leadership will permanently protect this region's history, beauty, and diversity, while conserving local lands and providing a broad range of community benefits. Thread Trail will also link more than two million citizens with hundreds of miles of greenways and trails as well as access to rivers for paddling in North and South Carolina, connecting points of regional significance. There are multiple public benefits including economic development, conservation of land, enhancement of water quality, cleaner air, alternative transportation, and healthy recreation activities for all regional citizens, all of which translates to enhanced quality of life. Thread Trail will be freely accessible to everyone. At the end of 2019, there were 1,610 planned trail miles, of which, approximately 260 trail and 170 blueway miles are complete.

archived or the site visit is documented on a site visit report. As part of perpetual due diligence, the Conservancy ensures the plant, wildlife, and other conservation values remain undisturbed and protected. Where appropriate on fee owned property, the Conservancy provides public access opportunities, including both blueways and hiking trails, independently and through Carolina Thread Trail.

Facilities for public access include a canoe/kayak launch (Spencer Mt. River Access and Pharr Family Preserve access), the Adam Springs Portage Trail, and canoe/kayak take-out (R.Y. McAden Access); and natural surface or paved hiking trails at the South Fork Trail, South Fork Rail Trail, Long Creek Preserve, Seven Oaks Preserve, Pharr Family Preserve, Buffalo Creek Preserve, Sally's Y Preserve, Catawba Springs Preserve, Girl Scouts, and Eastover Ridge Preserve. The Conservancy also monitors conservation easements using the same protocols as fee owned land. On private property protected by conservation easements, the Conservancy works with willing land owners to further enhance the conservation values already protected.

**Property and Easements Acquired for Preservation**

The Conservancy may acquire certain property and/or conservation easements through purchases as well as through donor contributions. Donors generally contribute fee title to property or conservation easements. Conservation easements are legal agreements in which the landowner gives up some of the rights to their land, such as development, but retains ownership and management of the property. The conservation easements are permanent and run with the land and are binding upon successive owners. Contributions are recorded at the estimated fair market value of the property or easement taking into consideration the fact that the land's use may be severely limited based on the parties' intent to preserve the property in its undeveloped state. Based on these facts, the values of easements shown in the accompanying Statement of Activities are based on independent appraisal or management estimates, if an appraisal is not available.
